	Received letter No C2 C R 594/53-1 dated 1953 from the Municipal Commissioners Mysore, forwarding resolution of the Municipal council dated 28/8/53 and recommends for the grant of 20/= enhanced rate over the tendered rate and for payment of Rs 1816/= to the Prs who as against Rs 1775/= Sanctioned in Lr.o dated 12/8/53
file CH 3-53 (SL 68,69) placed below for reference 2/9	(1) Preparing of the Mysore City Municipal Bye-laws and Rules was first Sanctioned in Lr.o dated 29 & 1950 at a cost of Rs 1,775/= for 500 books the Printing of the books has taken full three years and this is ~~the~~ very unsatisfactory By now, three Government orders have issued renewing Sanction to incur the expenditure
	(2) Whenever certain rates are given in tender it is the responsibility of the tenderer to execute the work satisfactorily at the tendered rate Fluctuations in the open market of the Prices of materials required cannot reasonably be taken into account for the payment of enhanced rates over the tendered rates after the works are completed Specially in this case, the tenderer has taken full three years to Print and Supply only 500 Copies The ground for urging enhanced payment is that the cost of materials shooted up during the period This argument for paying or sanctioning enhanced rate is very

NOTE—Contn Sheet

unsound and not reasonable as the market rates are always subject to fluctuation and the landowner should be expected to have taken into consideration all such aspects before tendering for works. Besides, payment of enhanced rate on grounds of enhancement of rates in market cannot be considered as the landowner is not asked to reduce the tendered rates in case of fall in market rates the rates in market may fluctuate might have gone still higher or lower had the work been not completed by now also hence, market rates of materials cannot form the basis for enhancing or reducing the tendered rates once given and accepted the landowner has got to execute his work at tendered rates and it is not business-like to consider either enhancement or reduction Government has got to be businesslike in such matters the landowner also not have come forward to reduce his rates had the market rates of materials fallen instead of increasing as now reported Instead of encouraging the spirit of enhanced rates, the Municipal Council should have advisedly thought of stopping his payment as the landowner he has taken full three years to execute this simple work of Printing 500 books It is not known if the tender was accepted subject to any conditions regarding completion of the work within a stipulated time for ordere

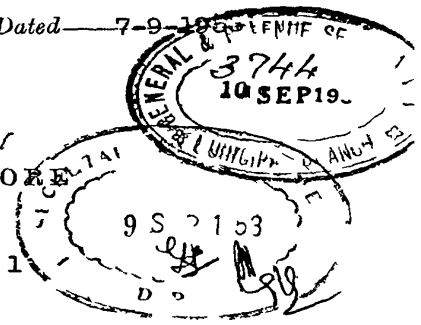
CITY MUNICIPAL COUNCIL
P B No 17

Mysore Dated——7-9-1953



FROM

THE MUNICIPAL COMMISSIONER
City Municipal Council
MYSORE

To

The Secretary to Government,
L S G Department, Bangalore 1
(Through the President)

Sir, C D 3-53-104

Subject Printing of the Mysore City Rules and Byelaws
===

C MAB

Adverting to G O No L 5689-90/CM 3-53-69 dated 12-8-1953 renewing sanction to the re-printing of the Municipal Rules and Byelaws and to incur an experditure of Rs 1775/- as per original estimate, I write to state that the printer presented a bill for the work as per actuals (for Rs 1816) together with a representation for granting him a sum of Rs 450/- extra i e , at 25% increase over the tendered rates of printing, to re-imburse the loss sustained by him on account of the increase in the cost of labour and materials, subsequent to the date of taking up the printing the bye-laws

The Managing Committee before whom the above subject came up for consideration found that the work was entrusted to the printer in the year 1946-47 when the cost of printing w paper was as xlow as Rs 8/8/- as against Rs 14/8/- to Rs 15/- from 1950 Similarly, the cost of other materials for binding such as card boards, calico etc has increased as also the cost of labour

The Managing Committee further found that there were only two offers to take up the work in the year 1946-47, viz , K V V Press and Bangalore Press and that the rates quoted by K V V Press were nearly half of what was quoted by the other Press as can be seen from the statement noted below -

	Rates quoted by Bangalore Press	Rates quoted by K V V Press
Cost of printing a Demi Octavo running matters	Rs 6/- per page	Rs 3/8/- per page
do statement	Rs 8/- "	Rs 4/8/- "
Binding (taka)	Re 1	As 12/-
Card Board bounding with section stitching	Rs 1/8	Rs 1-3-3 (Rs 600 for 600 books) 500 Books

The Managing Committee taking into consideration all the circumstances narrated, recommended that in addition to the printing charges, a 20% of the increase over the tender rates may be paid for the above work to the printer Even then, the cost will be much lower than what is it would have been if the work had been entrusted to the above work

The Council have duly approved of the proposal at their meeting held on 28-8-1953

In enclosing a copy of the resolution I request you kindly to obtain orders of Government for making payment of Rs 1816/- as against Rs 1775/- sanctioned at present in the Government Order adverted to, together with a 20% enhancement over the tender old rates which works out to Rs 450/- as resolved by the Council The expenditure will be met out of the provision under A3 Printing charges

Yours faithfully,

(N Lakshman Rau)
Municipal Commissioner
